

# **OUT OF DARKNESS WALK**

The Out of Darkness Community Walk was held on Sunday, October 5, 2008 at Buccleuch Park in New Brunswick. The Out of Darkness Walk is a nationwide event to raise money for the American Foundation for Suicide Prevention's vital research and education programs to prevent suicide and save lives, increase national awareness about depression and suicide, and assist survivors of suicide loss.

Cop2Cop staff and volunteers participated in the Walk again this year, raising close to the goal of \$1000.00. Some contributions are not listed yet.

You can still make donations by going onto the web site, [www.outofdarkness.org](http://www.outofdarkness.org), click on *find an event near you* and choose *New Jersey* then *New Brunswick ( view teams )*, *Cop 2 Cop ( details)*, then choose the participant you wish to make the donation for and make your donation. Donations will be accepted until December 31, 2008.

Please keep in mind that this is an annual walk that Cop 2 Cop participates in. It would be great if we were all there next year. Keep your eyes open for the announcement when next years date is chosen, so you can block off that day
